

I am now safely back in Brazil. I spent the first few days tidying up the apartment as almost 3 months of dust had accumulated in every nook and cranny. Due to the building construction across the road from where I live, this time there was a lot more dust.

Faniquita (the dog) was glad to see me and is beginning to get back into her routine of eating. (She normally goes on a mini hunger strike whilst I am away so lost some weight).

The month of October is busy for Brazil as a Nation with elections of president and also state governor on 4th, together with children's day in Brazil celebrated on the 12th. The Good News Club in Peixinhos hopes to have a special day on 15th.

Plans are being made for various training sessions with both the folks in Beberibe and Peixinhos. I hope to take a Bible study for the teenagers in Beberibe adapted from Josh McDowell's book "The Naked Truth" which looks at questions about sex, love, and relationships from a biblical and scientific perspective.

Christmas evangelistic outreaches including street presentations and Bible studies in both communities are being discussed and prepared - much wisdom and guidance is needed in organizing these.

The Coffee with Father God devotional books for 2027 for 'The Coffee with God' Bible study in the community of Peixinhos have been ordered and we are looking at how this book might also be used amongst the Beberibe community as a form of outreach to the contacts we have made due to Reading in the Park and street events.

Prayer points:

- Give thanks for safe arrival in Brazil and for an encouraging time with you all there on deputation in Ireland
- Continue to pray for all the preparation of material for 'Coffee with God' Bible studies with a possible view to do something similar in Beberibe
- Continued to pray for the Reading in the Park every Tuesday and that the team will use this opportunity wisely to witness to others about the Good News of Jesus.
- Give thanks for the encouraging experiences of personal evangelism that the team members in Beberibe had as they took up the challenge I left them with of praying and intentionally giving a Bible to someone who didn't know Jesus as Lord and Saviour. Pray that the Holy Spirit will continue to work in the lives of these people and bring them to Himself
